### PLANTATIONS WANT COTTON PICKERS

Laguna District Planters, Near Torreon, Ask Rates For Laborers.

Torreon, Mex., June 16.—The Planters' Business League, of Gomez Palacio, known as "La Camara Agraria de la Laguna," have presented a petition to the secretariat de fomento asking a special rate for laborers coming from the states of Jalisco, Guanajuato, San Luis Potosi, Aguascalientes and Zacatecas during the months of July, August, September and October of each year in order to induce them to come to this district. It is reported that the department of agriculture will look with favor upon the petition and in case it is granted the planters of this rich cotton district will have less trouble in bringing in laborers for the cotton picking season.

The league is practically a new organization but the membership is rapidly increasing. The cotton planters are vitally interested at present as they are viewing with considerable alarm the probability of a scarcity of labor during the picking season next fall unless steps are taken to protect themselves. With the facility of bringing in laborers from the interior the situation may be relieved to a certain extent.

Complaint is already being made in this section by the mining men who claim a great scarcity of labor for the mines and smelters. During the past two years mining has been slow and laborers, finding it difficult to obtain employment, have gone north, entered the United States and accepted employment on the railroads, and in the mines of the southwestern states. These people are not inclined to return and with the mines and smelters opening up here, and business in general growing more active every day, there is just cause for alarm on account of the labor scarcity. There are excellent prospects for a bumper cotton crop in the Laguna district this year.

### OLIVES GROW AT DALHART

W. J. Blair Has Nine Trees Showing Many Young Olives.

Dalhart, Texas, June 16.—A new industry is developing in the Panhandle, that of olive production. W. J. Blair, the original townsite owner of Dalhart, who owns a ranch east of here in the Beaver creek valley, has nine olive trees four years old that show a yield of olives equal to that known in any territory. This is the only orchard known to be in this altitude and shows conclusively that olives can be grown here in the greatest abundance.

The result of this season's crop will be watched with the greatest interest and should the crop develop and mature, the result will revolutionize the whole of this vast territory. An 18 inch limb having 24 shoots has 12 green olives on each shoot. The nine trees show the same average of fruit.

While all kinds of fruit has been highly productive ever the Panhandle, it has been for Mr. Blair to demonstrate the growth of olives.

### DONATIONS NEEDED FOR SANATORIUM

More Money Is Wanted for Cloudercroft Institute. Cloudercroft Notes.

Cloudercroft, N. M., June 16.—Money is wanted for the baby sanatorium, One El Paso Carnegie sent in a check for \$5000. Dr. Herbert Stevenson gave \$1000, and now \$15,000 or \$20,000 more is needed. It is planned to put up a two story building 64x42 feet containing a ward that will hold 18 little beds and another which will hold 12. On this floor will be a dining room, which in emergency can be converted into an operating ward, a waiting room for nurses, an office for the doctors, a modifying laboratory for converting cow's milk into mother's milk, such a laboratory being new to this part of the country.

These will be charity wards. On the next floor will be private rooms where those who can afford to pay, and have a special nurse in attendance can do so, the money derived from this source to be put into the sinking fund with the rest, on which an El Paso bank has offered to pay 8 percent.

In the basement of this building there will be the steam heating plant, a steam laundry, store room for supplies, servants quarters, etc.

This building is to be put where the kitchen and dining room of the old Lodge stood, the front part of the grounds to be reserved for the \$100,000 or \$1,000,000 donation that the sanatorium will receive sometime from some of the Carnegies of New York or other parts of the United States, for according to Dr. Stevenson, all the sick babies from Mississippi, Alabama, Louisiana, Texas, Arizona and New Mexico must come here eventually, as there is no other climate that will do so much for babies in their second summer.

Mrs. J. A. Eddy is having a tennis court made on the lot adjoining the old Lodge site. "Jill" Billie is doing the work and Miss Sara Eddy is superintending it.

Mrs. R. H. Hall and baby have returned to Cloudercroft after a brief visit to El Paso.

Dick Caples, Jr., is spending his vacation on the Roof Garden.

Mrs. Frank Langan, of Chihuahua, came up on Wednesday's train and will remain all summer.

Tom Hogg, son of the late governor Hogg, has returned to Austin after a brief sojourn at the Lodge.

### MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.
